August Friedhoff's Injuries.

The statement current that August Friedhoff, who fell from an Elm Grove train Sunday evening, lost his arm, was not correct. It may be possible that he will have to lose it, but Dr. Ackermann, who is attending him, said last evening that he hoped to save the arm.

Injured While at Work.

Joe Crosby, a workman at the steel plant in Benwood, was badly hurt yesterday. One of the books used for lifting ingots out of the pit tore the flesh off one of his legs in several places. Mr. Crosby was taken to his home, corner Forty-first and Water streets, where Dr. W. E. Stathers attended him.

Charged With Disorder.

Yesterday afternoon a man named William Kelley went into Mehen & Slater's saloon, on the corner of Sixteenth and Market streets, and, becoming disorderly, was put out by the bar-keeper. Officer Paul Porter was near, and arrested Kelly on a charge of disorderly conduct. He had a bad cut on his face.

Oil Company Organization.

The stockholders of the Friendly Island Oil Company met yesterday and organized by electing the following gentlemen as members of the Board of Directors: William F. Stifel, H. W. McLure, William Johnston, James Storey and Edward L. Rose. The Directors later elected E. L. Rose, President; W. F. Stifel, Vice President, and C. A. Shaffer, Secretary and Treasurer.

Knights Templar's Outing.

Cyrene Commandery K. T. will celebrate St. John's Day, to-morrow, and Wheeling commandery has been invited to participate, as guests of Cyrene. The Knights and ladies will go out to the Park on the Elm Grove train leaving at 4 o'clock, and remain all evening. After supper the Opera House orchestra will go out and render music through the evening. A generally good social time is anticipated and there will be no formality about it.

Sad Death of a Young Man.

Edward F. Kuerner, a popular young man who held a responsible position in the local offices of the B. & O. Railroad, died Sunday in his twenty-third year. He was several years ago an Intelligencer carrier boy, and then as a ship had the respect of all his acquaintances. He was a bright and intelligent young man. The bereavement of his parents is peculiarly sad, as his sister is also so ill that her life is despaired of.

Fixing the Damages.

Messrs. O. C. Dewey, August Rolf, T. T. Hutchison, Christian Hess and J. Ellwood Hughes, the commissioners appointed by the Circuit Court to appraise the property of the Camden Consolidated Oil Company, in the condemnation suit brought by the Wheeling Bridge and Terminal Company, were appraising the property yesterday morning. These gentlemen were appointed about two weeks ago, but have been awaiting the adjudication of some legal points in the case by the Supreme Court.

Transfers Recorded.

Clerk Hook yesterday admitted to record transfers of real estate as follows:

June 19, by John W. Lane and wife, of Martin's Ferry, to David H. Souders, of the same place, for \$450, lot 5 in Thomas Owens' addition to LaGrange, now part of Wheeling.

June 18, by Atlas L. Reno and Parnelia Jane Reno, his wife, of Rochester, Pa., to the Commercial Bank of Wheeling, for \$1,050, the 33-147 interest in the Boyd building, on the Upper Market square.

June 18, by Mary E. Boyd and Jacob J. Holloway and wife, for \$2,100, the 70-147 interest in the same property.

Three deeds of trust were also admitted to record.

A "TRUSTY" ESCAPES.

A Prisoner at the Moundsville Penitentiary Takes a Long Walk and Forgets to Come Back.

Among the prisoners in the Moundsville penitentiary up to an indefinite hour yesterday afternoon was Meredith Workman. Meredith was sent up in 1887, from Wayne county, on a ten-year sentence, and had served four years. He had been in the pen twice for good terms before that, and it had come to be believed that he preferred the retirement and regular life of the State institution at Moundsville to the bustle of Wayne county. As he had always carefully observed all the rules, and showed no disposition to change his abode, he was treated as a "trusty," and often given odd jobs to do about the place with no guard over him.

Yesterday he was sent outside the prison walls proper to do some work in the front yard, where all that separated him from the wide world was a small gate. When the supper hour arrived a guard went out to call Workman in, and he had disappeared. It was some time before the prison officials would believe he had really run away. When it did dawn on them that that was possible, they started a search for him, but up to a late hour last night had not found him. It is thought, though, that he will be recaptured.

Dr. Wood's Norway Pine Syrup was used for years as a prescription by a successful physician. It is in all respects the best cough medicine made to-day. Sold by all dealers on a guarantee of satisfaction.

Sunday Excursions.

Until October 25, the Ohio River Railroad Company will sell Sunday excursion tickets at one fare for the round trip to Moundsville, Woodland, New Martinsville, Sistersville, Salama, Williamsstown and Parkersburg.

THE RAILROAD COMMITTEE

Inspects the B. & O.'s Proposed Switches and a Piece of Terminal Track.

The Council committee on railroads was called to meet at 3:30 p. m. yesterday to examine the ground to be occupied by the proposed B. & O. switches leading into a delivery yard on alley A and the creek. The assemblage made a formidable appearance when all got together, and included Chairman Farrell, Clerk Hanke, Dr. Campbell, Dr. Caddle and Messrs. O'Kane and Brock, of the committee; Assistant City Engineer White and an assistant; Mr. Stephenson, agent of the B. & O. company, several reporters, a few kickers against the location and one or two lookers on.

The committee went over the grounds thoroughly, and then adjourned until last night. Upon re-assembling, Chairman Farrell read the ordinance through and suggested that there was no provision made for prosecuting the company for blockading alley 17; also that the ordinance does not provide that the grants shall be made only so far as the city can do so, but the grant is given unconditionally; there is no provision that the company shall save the city harmless from dangers that may occur from the use of the privileges; no provision that the company shall file an agreement to accept the ordinance before it shall be effective, and that it shall be used before it becomes a grant or can be held. Mr. Farrell wanted the ordinance referred to the city solicitor to be redrawn so that it shall conform in all its provisions to the other railroad ordinances that have been passed by the city in the past few years.

Dr. Campbell spoke at length in favor of the ordinance, offering to present an amendment indemnifying the city to make the ordinance suit Mr. Farrell better. The doctor spoke of the privileges that have been granted to other railroad companies.

Mr. Farrell showed that the Wheeling Beef Company has its warehouse at the corner of alley 17 and Water street, and that it is frequently necessary to get down alley 17 to the beef-house.

Dr. Campbell then offered an amendment calling for the company to commence work within ninety days and that the company shall save the city harmless from any damage that may come from using or building the switches. Dr. Campbell's amendment was adopted.

The ordinance was then referred to the city solicitor to be shaped up for to-night's meeting.

A resolution presented by Mr. Kreiter at the last meeting of Council, instructing the Board of Public Works to remove a certain switch of the Wheeling Bridge and Terminal Company on Woods street, between Twenty-ninth and Thirtieth streets, was then taken up for consideration. The resolution was presented at the instance of John Foose, who owns a piece of property at the point where the company's switch starts out from the main track, and who claims that he is damaged and that the company is going beyond their grant. The maps and the ordinance granting the company their privileges in the premises were produced and discussed and it was found that they were operating within their grant.

Dr. Campbell moved that the resolution be referred to the Board of Public Works and Grades, and this was adopted. The committee recommended the payment of a bill of \$10 to White & Hoge, for work done with the Railroad Committee.

City Market Matters.

The Council Committee on Markets met last night and opened proposals for whitewashing the two market houses and the market hall in the Second ward. Only one bid was received, that of Anthony Jennings, who offered to do the work for \$75. His bid was accepted. A resolution was adopted, closing the markets on July 4, and to advertise that the markets would be closed.

To Visit Pittsburgh.

The Council Committee on Fire Department last night looked over the plans for the new Vigilant engine house as prepared by architect Hamilton. It was decided that the committee, Chief Healy and Clerk Fee go to Pittsburgh on Wednesday, leaving at 7:20 a. m. on the Pan Handle, to inspect the Pittsburgh houses and secure ideas to be embodied in the new plans.

A TOWN MARSHAL FINED.

A New Marshal Cuts His Eye Teeth—Will Use a Club Next Time.

Joseph J. Burke, of Pleasant Valley, who works near Fulton, yesterday swore out a warrant before Squire Davis, charging Joseph Marshall, the new marshal of Fulton, with unlawful assault and battery. Marshall was arrested, and had a hearing yesterday. Ten witnesses were summoned for the State and eight testified that last Saturday night the marshal threw or pushed young Burke into a ditch, and while down, struck him twice, and after striking him with his fist, put him under arrest. Burke had a bad cut over his right eye.

The justice took the inexperience of the marshal into consideration, and imposed a fine of \$5 and costs, which, on request of plaintiff's attorney, Col. W. W. Arnett, was raised to \$10 and costs, to allow an appeal.

John Culver was arrested on a peace warrant sworn out by Joseph J. Burke, the trouble arising out of the Marshall-Burke case. Culver was discharged, the evidence not being sufficient to hold him. Culver seems to have started the trouble by calling Burke hard names.

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

No one contemplating the purchase of a Bicycle can afford to do so until they have thoroughly examined the construction and investigated the merits of the Victor and Columbia. These wheels are unsurpassed in the world, and unequalled for American riders, as shown by their immense popularity. All grades carried in stock. Some second-hand wheels at ridiculously low price.

We Take Arms Against a Sea of Troubles, and, by Opposing, End Them.

This Week we Shall Make the Clothing Trade Fairly Hum.

MANY MEN'S AND BOYS' SUITS

Will be Sold Considerably Under Their Real Value.

Why? Why? Because we understand our business. We must crowd four months' business into two, and there is only one way in which this can be done. Prices must be cut to the core, and that is just what the

HUB CLOTHIERS

Are doing. We'll prove it to you if you'll call and compare our prices, goods and styles with anything you have seen. Look at our 75c Jeans Pants; they will match regular \$1 25 grades. Our fine all-wool Jeans at \$1 00 are better than any \$1 75 goods in the city. We have closed out entire line of Outing Cloth Shirts of a New York house, which we shall offer at 19c. Also another large lot of Children's Outing Waists at 9c. We shall place on sale Monday, and offer until sold 300 Children's Cheviot Suits at 93c, and some very handsome Children's Plaid Suits at \$2 50. It's safe to deal at THE HUB. A child can deal with us with the same confidence as the shrewdest buyer. ONE PRICE AND THAT THE LOWEST. No misrepresentation, and every garment must stand the home test or money refunded. Dispel all doubts you have regarding our method of doing business by calling. Look through our stock and you'll be astonished to see how easy it is to buy goods at
